#### Our Editor's Take

Julia Louis-Dreyfus is an absolute legend in the world of comedy. She has won more Emmys and SAG awards than any other actress in history and remains a beloved staple on TV and in films. Wiser Than Me sees the iconic actress doing a different role-podcast host.

Louis-Dreyfus first gained attention when she joined Saturday Night Live. She would appear on the show from 1982 to 1985. But it was her next role that would see her ensure her place in pop culture history. Beginning in 1989, she appeared as Elaine Benes on Seinfeld. The sitcom ran for nine seasons and remains popular today. She would go on to star in two more successful sitcoms, The New Adventures of Old Christine and Veep. On the podcast, Louis-Dreyfus shares details from her personal and professional life.

Wiser Than Me is a podcast with a simple but insightful premise. The host believes that society should better value the perspective of older women. To fix this problem, Louis-Dreyfus decided instead to create this space herself. Louis-Dreyfus has assembled an impressive roster of guests for this podcast.

Wiser Than Me sees many luminaries in their respective fields appear on the podcast. Legends Jane Fonda and Carol Burnett discuss what they've learned in show business and life. Literary icons such as Isabel Allende and Fran Lebowitz share stories about the highlights and lowlights of success. Even singer Darlene Love manages to spend some time with Louis-Dreyfus.

As one would likely expect, Wiser Than Me is a funny podcast. Louis-Dreyfus is an excellent host and is as quick-witted off-camera as she is in front of one. The podcast also offers a lot of depth and insight from its guests. It manages to live up to its title. The show premieres new episodes on Tuesday of each week.
